Our custom color match process and information:

- We require 1-gallon minimum to be purchased to cover the time & cost of materials for your specific custom match. *(For convenience, gallon can be canned down to 4 quarts)*
- Price may vary between list & double list price. The current paint system on your provided sample will help determine price of paint.
- Once we have received your request form & color sample we will confirm receipt and add you to our custom color log
- We will ask for a credit card to have on file
- Once your color has been matched we will mail you a color spray out for approval
- Once approved your order will be finalized and shipped to your specified shipping destination.
- The lead time on initial custom color sample can take up to 3-4 weeks *(Depending on our custom color log and the difficulty of the color match)*. ***If you require a faster turnaround, please call us directly and we will do our best to accommodate your request.***
- A color formula will be kept on file. A formula serial number will be provided for future purchases.
- We recommend keeping your Invoice on file for reorders. Future orders of your custom color can be purchased directly through us at list price.
